PERSONAL PROFILE

- Software Engineer with a **BEng in Software Engineering** from APIIT Sri Lanka (affiliated with Staffordshire University UK), graduated with a **First-Class Honors**.
- Passionate about initiating and executing innovative software development projects. My education, combined with hands-on projects and internships, has equipped me with a solid foundation in various programming languages, software design principles, and the ability to tackle complex challenges.
- What sets me apart is not just my academic competence but also my commitment to continuous learning. In the dynamic field of software engineering, I recognize the importance of staying abreast of the latest technologies and methodologies. I am dedicated to ongoing professional development, actively seeking out opportunities to expand my skill set and contribute to cutting-edge advancements in the industry.
